Many people , whom I personally know and have spoken with, protest any further rate hike's for SCE&G. The rate should be frozen where they are so as not to be higher for the same service from other investor- owned utilities. Especially at this time of economic struggle, causing most customers such hardships, this struggle is unparalleled since the depression Some facts are: SCE&G was approved for a 2.5 % increase annually for the next decade.

Following was a 4.4. % hike in 2008. Now they are asking for this 9.5% hike. Deny this, Please do NOT allow this increase to take place.

Thank you,

Mrs. Marian Rossillo
